Welcome

Dear Students and Parents,

Welcome to Washburn Rural Middle School! The purpose of this Parent/Student Handbook is to assist students and parents to better understand the philosophy, procedures and policies of Washburn Rural Middle School. Our school has a mission, strategic goals, curriculum and organizational structure which we believe is essential for an effective middle school. We have high expectations for our students. However, we also strive to provide an atmosphere which empowers them to meet these expectations through the use of exploratory and affective courses and activities, as well as the utilization of teaming for the core curriculum.

We believe that Washburn Rural Middle School provides an atmosphere and programs which respond to the needs and characteristics of students during the “middle years.” Young people going through the rapid growth and extensive maturation which occurs in early adolescence need an educational program which is distinctively different from either the elementary or the secondary model. No other age level is of more importance, because the determinants of one’s behavior as an adult; self-concept, learning interests and skills, as well as values, may undergo significant transformation during this period. The academic needs of middle school students are greatly affected by their physical, social and emotional needs which we address directly through our school programs.

Washburn Rural Middle School provides a student-centered curriculum which ensures opportunities for all students to be successful. Through the teaming concept in the core curricular areas of math, science, social studies, English and communications, students are provided a strong foundation, as well as integrated and interdisciplinary programs in academic subjects.

Students have the opportunities to participate in a broad range of exploratory and affective activities through team-sponsored events and courses in foreign languages (French and Spanish), life skills, art, technology, media, music, physical education and SFA (Skills for Adolescence).

ENROLLMENT

RESIDENCY POLICY with respect to students attending WRMS: (Board Policy JBC – Enrollment)

RESIDENT STUDENTS
A resident student is any child who has attained the age of eligibility for school attendance and lives with a parent or a person acting as a parent who is a resident of the district. Children who are homeless as defined by Kansas law and who are located in the district will be admitted as resident students. For purposes of this policy, parent means the natural parents, adoptive parents, step-parents and foster parents. For purposes of this policy, person acting as a parent means a guardian or conservator, a person liable by law to care for or support the child, a person who has actual care and control of the child and provides a major portion of support or a person who has actual care and control of the child with written consent of a person who has legal custody of the child.

NON-RESIDENT STUDENTS
Non-resident students are those who do not meet the definition of a resident student. Non-resident students may be admitted only to the extent that resources and space are available. A non-resident student who has been suspended or expelled from another district will not be admitted to the district unless approved by the board. Non-resident students may be admitted according to the following:

A. A student living outside the district, but being a resident through the completion of their sophomore year may continue to attend Washburn Rural High School, upon recommendation of the principal and at the discretion of the superintendent. Out-of-district students are subject to change in policy at a later date.

B. Staff members’ children may attend any school in the district if enrolled prior to September 20 of the current school year. A written request must be submitted to the Superintendent of Schools by current employees on or before May 1 of the previous school year. New staff must make their request immediately upon being hired (prior to September 20 of the current school year). The written request shall state if the student is coming from outside of district or desiring to attend an elementary school outside their residence boundary.

C-1. Anyone residing outside the district with their new legal residence being constructed or purchased within the district and occupancy is planned within sixty (60) school days after the student has enrolled and attending prior to September 20 of the current school year may attend district schools subject to approval by the superintendent. If occupancy has not occurred within the allotted time the student shall not be allowed to continue attending a district school. An extension of time may be granted at the discretion of the superintendent.

C-2. Individuals who are residing in temporary housing, but desire their permanent new residence to be in the Auburn-Washburn School District, may seek permission to enroll their children in Unified District 437 from the Superintendent of Schools. If permanent housing is not found inside the boundaries of the district within a reasonable period, the student(s) shall be required to transfer to their district of residence at an appropriate time.
C. A student who has a school residence in the district continuously between July 1 and December 30, of the preceding school year, and who was enrolled in the district on the immediate preceding September 20 and who is presently residing outside the district because that student’s parents sold their residence in the district and are in the process of constructing a new residence within the district and plan the construction of the new residence within the district may attend school for 90 school days during the construction of the new residence. Residency requirements shall be reviewed by the superintendent at the end of said 90 school days.

D. Students whose families move to a residence outside the district during the school year may remain in the USD #437 district, if they so desire, until the end of the school year in which they move. Parents shall be required to furnish transportation to the school or to the nearest bus route transporting students to their child’s attendance center. (See Rule A for high school exception.)

A unique identification number is recorded for each item. It is the responsibility of the student to check in the item that bears the exact same identification number that was checked out to them.
**Unreturned or Damaged Property**

Any school property not returned or returned damaged may result in the replacement or repair cost of the item being charged.

A notice of outstanding fees will be mailed to your home each semester. This notice will be in addition to any other notices parents have received during the school year. If these debts to the school are not taken care of by the parent or student, the school may turn these over to a COLLECTION AGENCY/ATTORNEY.

**Returned Checks**

Checks returned for any reason are sent directly to the District Business Office. If the returned check is not resolved by the deadline specified in the notification letter, the returned check may be forwarded to a COLLECTION AGENCY/ATTORNEY for collection. The total amount of the check and service fee may be electronically debited from your checking account by the COLLECTION AGENCY/ATTORNEY.

**Counselors**

Two counselors are available to assist students in making their school experiences valuable and rewarding. If a student needs help with a problem, either school-related or personal, he/she is encouraged to talk to one of our counselors about it. Additional time may be no more than ten working days and granted in exceptional circumstances agreed upon by the teacher, administrator, parent, and student. At the end of ten working days, an appropriate grade of ‘A’, ‘B’, ‘C’, or ‘N’ will be assigned.

**Honor Roll and Awards**

Honor Rolls will be determined at the end of each quarter according to the following criteria:

- “A” Honor Roll: 4.0
- High Honor Roll: 3.50 - 3.99
- Honor Roll: 3.00 - 3.499

**Homework**

Study at home is a necessary part of each student’s educational program and can increase student learning and achievement. Each student should be expected to spend some additional study time in addition to scheduled class instructional time. In most classes, supervised study time, with the teacher monitoring the assignments, will also be provided. If your son or daughter will be absent from school two or more days, please call the school office (339-4300) to make arrangements to receive both class and homework assignments.

**Mid-Term Reports**

At the end of four weeks in each nine-week period, progress reports will be mailed or sent home with students to the parents/guardians of all students who are failing, about to fail, or not meeting the teacher’s expectations. Infinite Campus mid-term reports will reflect the students’ grade in all classes at the time of the report. Teams have the option of sending progress reports home with students on a more frequent basis. Parents are urged to communicate with teachers and counselors regarding their student’s academic progress. Grades can be accessed through the Parent Portal in Infinite Campus at any time.

**Parent/Teacher Conferences**

Parent/teacher conferences are held with parents twice per year. Teams will notify parents concerning the exact times for individual conferences.

**Attendance**

**Attendance Information**

A student’s attendance record is a very important part of his/her permanent record. Students with regular attendance generally will be more successful in their academic studies. Students are expected to be present and punctual for all classes throughout the year.
When a student is absent, it is the responsibility of the PARENT/GUARDIAN to call the office at 339-4300 on the DAY OF THE ABSENCE. The call should be made before 9:00 a.m. The office is open at 7:30 a.m. for calls. Absences not reported to the attendance office within 48 HOURS from the date of absence will be recorded as unexcused. The Washburn Rural Middle School office hours are 7:30 a.m.-4:00 p.m.

Any student who checks into school after 7:50 a.m. must first report to the office and receive an ADMIT slip. Any student who is counted absent for the first hour will be presumed absent for the entire school day if they do not report to the office for an admit slip. A phone call from a parent is required if a student is going to be late to class.

If the absence is excused, daily work can be made up. It is the responsibility of the student to initiate the make-up work immediately upon return to each class. The classroom teacher will determine the make-up work. HOMWORK WILL BE GATHERED THROUGH THE OFFICE, ONLY AT THE REQUEST FROM THE PARENT WHEN A STUDENT IS ABSENT TWO (2) CONSECUTIVE DAYS. When a student is absent, they are given two (2) days to complete missing assignments. Teachers will have the discretion of extending the due date. If the absence is EXPECTED, it is the responsibility of the student to request their homework prior to missing the class.

The SCHOOL will determine whether the absence is excused or unexcused. Kansas State Law allows USD #437 to accept only the following as valid reasons for excusing an absence:

1. ILLNESS (LONG TERM ILLNESS VERIFIED BY WRITTEN NOTIFICATION FROM DOCTOR)
2. APPOINTMENTS FOR MEDICAL TREATMENT (A VERIFICATION FORM FROM THE APPOINTMENT SHOULD ACCOMPANY THE STUDENT UPON RETURN TO SCHOOL)
3. A FAMILY CRISIS
4. EXTENDED ABSENCES OF THE STUDENT WHEN EXPRESSLY REQUESTED BY THE PARENT OR GUARDING, AND APPROVED BY ADMINISTRATOR
5. SCHOOL APPROVED ACTIVITIES

State regulations state that if a student is absent four (4) or more periods, this will count as a whole day.

THERE WILL BE NO DIFFERENTIATION BETWEEN EXCUSED AND UNEXCUSED ABSENCES WHEN COMPUTING TOTAL ABSENCES IN ANY CLASS.

The attendance secretary/social worker will notify parents/guardians when the student has received 75% and exceeded 100% of the allowed absences. Notification will be made as follows:

75% equals 8 absences (Parent Courtesy Letter and/or phone call by Social Worker)
100% equals 10 absences (Attendance Notification mailed to parent)

LEAVING SCHOOL DURING THE SCHOOL DAY
Students are not permitted to leave school during the day unless they have signed out through the school office. The following procedures should be used by students who need to check out for doctor or dentist appointments, etc.
1. Have your parent call the school office or bring a note from your parent for your teacher. Come to the office and sign out.
2. Students who are ill must see the school nurse before checking out through the office. If student does not comply then the absence will be unexcused.
3. Once you arrive at school, do not leave without parental permission and before signing out with the office.
4. When you return to school during the school day, you must sign back in with the office before returning to class.

**Severe Weather — School Closings**
The decision to close school is made by the superintendent. School closings will be announced over WIBW radio and TV, KSNT-TV, KTKA-TV. During inclement weather a recorded message containing school closing information can be accessed by calling 339-4000.

It will always be the right and privilege of parents to call for children at the school during severe weather, extreme heat, or any other good reason when the pupil’s health and safety may be questioned.

**Tardiness**
Students are responsible for arriving at school on time and to each class on time, unless the tardiness is due to a bus problem or an excused absence. Parents will be notified when a student is tardy (unexcused) to school or to any class two times. Students who fail to return the signed notification by the assigned date will receive one hour of ISS. A third tardy will result in the Team assigning a detention. Chronic tardiness may result in the initiation of a behavior management action plan with appropriate consequences. This will apply to tardies on a semester basis.

Any student who arrives at school after 7:50 a.m. is required to obtain an admit-to-class slip from the office. If the parent/guardian knows that the student will be late, the parent/guardian should notify the school office by phone or written note.

**Truancy**
Truancy is defined as any three consecutive unexcused absences, any five unexcused absences in a semester or seven unexcused absences in a school year, whichever comes first. Students who are absent for a significant part of any school day shall be considered truant. Prior to reporting to either Department of Children and Families (if the student is under 13) or the county or district attorney (if the student is over 13), a letter shall be sent to the student’s parent(s) or guardian notifying them that the student’s failure to attend school without a valid excuse shall result in the student being reported truant. If a medical note is required it must be turned into the attendance secretary within 72 hours after student has returned to school, otherwise the absence(s) will remain unexcused.
**BUS/TRANSPORTATION**

**Transportation Guidelines**
All students are responsible to Washburn Rural Middle School for behavior while riding on the bus. A student who has a need to ride a bus other than her/his own must bring a note stating the reason for any change. The note must be signed by a parent or guardian and brought to the school office before school. (Notes will be stamped.) The student should present the stamped note to the driver of the bus he/she is temporarily riding. If a student misses the bus at the middle school, students may not walk to the high school. They need to talk with an adult on bus duty or go to the office for help.

**Bus Schedules**
Busses will begin unloading in the morning at 7:35 a.m. Students may enter the Commons upon arrival at school. However, students will not enter other areas of the building until 7:42 a.m., unless requested by a teacher. Following school dismissal at 2:50 p.m., the busses will leave WRMS at 2:58 p.m.

**Auburn-Washburn School Bus Assertive Discipline Plan**

**Rules:**
1. Follow directions of the driver the first time they are given.
2. Be courteous and respectful of other persons and property.
3. Use appropriate language and tone when speaking.
4. Eating, drinking, tobacco products and possession of dangerous objects will not be allowed on any bus.
5. Stay seated and keep all parts of your body and personal belongings inside the bus and out of the aisle.
6. Be on time when meeting the bus.

**Consequences:**
1. **1st Warning:** Driver verbally warns the student.
2. **2nd Warning:** Student is given an assigned seat and has conference with the driver after other students exit.
3. **1st Notice:** Conduct notice is given to the student and Principal. It must be signed by parent and returned to the driver before the student can return to the bus.
4. **2nd Notice:** Conduct notice is given to the student and Principal. It must be signed by parent and returned to the driver before the student can return to the bus. Letter to parent from Transportation Supervisor warning suspension is the next step.
5. **3rd Notice:** A conduct notice is given to the student by the driver and a copy is given to the school administrator. The Transportation Department will confirm with the school that the student has received the 3rd notice. The school administrator may suspend the student’s bus riding privileges with the length of suspension to be determined by the offense. Parents and the Transportation Department will be notified by the school administrator of the dates of the suspension.

**Severe Clause:** Same as 3rd incident.
COMPUTER USE GUIDELINES

INTERNET & E-MAIL RULES
Students are responsible for good behavior on school computer networks just as they are in a classroom or a school hallway. Communications on the network are often public in nature. General school rules for behavior and communications apply.

Within reason, freedom of speech and access to information will be honored. During school, teachers of younger students will guide them toward appropriate materials. Outside of school, families bear the same responsibility for such guidance as they exercise with information sources such as television, telephones, movies, radio and other potentially offensive media.

The network provides for students to conduct research and communicate with others. Access to network services is given to students who agree to act in a considerate and responsible manner. Parent permission is required. Access is a privilege not a right. Access entails responsibility.

Individual users of the district computer networks are responsible for their behavior and communications over those networks. It is presumed that users will comply with district standards. Beyond the clarification of such standards, the district is not responsible for restricting, monitoring or controlling the communications of individuals utilizing the network.

Network storage areas will be treated like school lockers. Network administrators may review files and communications to maintain system integrity and insure that users are using the system responsibly. Users should not expect that files stores on district servers will always be private.

USD 437 STUDENT ACCEPTABLE USE POLICY

Electronic information use and research skills are fundamental to preparation of citizens and future employees during this Age of Information.

Access to technology resources enables students to explore thousands of libraries, databases, and electronic resources while exchanging messages with people throughout the world. The Auburn-Washburn School District believes that the benefits to students from the access of electronic information resources and opportunities for collaboration are mandatory in the 21st century.

Access to district technology services include but are not limited to:

However, the Internet is designed in such a manner that all materials contained within it are accessible using various search and retrieval tools. Inappropriate materials could be encountered during students’ research required to achieve valid instructional objectives. Families should be aware that some material accessible over the Internet may contain items that are illegal, defamatory, inaccurate, or potentially offensive to some people. In addition, it is possible to purchase certain goods and services over the Internet which could result in unwanted financial obligations for which a student’s parent or guardian would be liable. If such inappropriate material is inadvertently encountered, it shall be disengaged from immediately. Students and teachers will be instructed in the necessary procedures of evaluation of
INFORMATION AND RESOURCES AS PART OF THEIR ONGOING EDUCATION FOR LIFE IN
MODERN SOCIETY.

8. Students in the Auburn-Washburn School District may bring wireless
devices to school for educational use only. Students using their personal
computer on the district wireless network will not have access to any
district technology resources such as printers and personal files. Internet access will be available for educational use, but filtered at its
most restrictive level.

9. The Auburn-Washburn School District makes no warranties of any kind,
neither expressed nor implied, for the technology resources it is providing.
The District will not be responsible for any damages users suffer,
including—but not limited to—loss of data resulting from delays or
interruptions in service. The District will not be responsible for the
accuracy, nature, or quality of information stored on District storage
devices, hard drives, or servers; nor for the accuracy, nature, or quality of
information gathered through District-provided Internet access. The
District will not be responsible for personal property used to access
District computers or networks or for District-provided Internet access.
The District will not be responsible for unauthorized financial obligations
resulting from District-provided access to the Internet.

10. This policy and all its provisions are subordinate to Board of Education
Policy, local, state, and federal statutes.

INAPPROPRIATE CONDUCT. SUCH CONDUCT WOULD INCLUDE, BUT IS NOT LIMITED TO:

1. SENDING OR DISPLAYING OFFENSIVE MESSAGES OR PICTURES
2. USING OBSCENE LANGUAGE
3. THE PLACING OF UNLAWFUL INFORMATION ON OR THROUGH THE COMPUTER
   SYSTEM

Be advised that loss of computer network privileges may make it very difficult or impossible to satisfy the educational program requirements of some classes. Some examples are:

1. Business or Technology classes
2. Computer Programming classes
3. Classes requiring use of district or Internet databases for research
4. Classes requiring district software to create papers, brochures, etc
5. Computer based instructional programs
6. Required Local and State testing

**Student Opt-Out Policy**
Parents or guardians may obtain a form to request to opt a student out from using technology resources while at school. The form may be obtained from any school office. After meeting with the principal to review aspects of the child’s educational program that will be affected as a result of the child not having access to instructional and assessment technology, the parent may sign the form and return it to the school office. The signed form will be kept on file in the school office.

The building principal shall receive a copy of the signed form so the named student shall be excluded from all access to computer technology. All appropriate staff shall be notified and alternate instructional methods will be implemented where possible.

Opt-out requests shall be required annually and are valid only for the school year in which they are submitted.

**DISCIPLINE**

**WRMS Dress Code 2018-2019**

* All students are to be neat, clean and appropriately attired for school. The following guidelines will apply to attendance at school and all school activities:
  1. Undergarments are to be concealed at all times.
  2. All skirts and/or shorts must be as long as the longest finger when hands are placed at the student’s side, unless leggings are worn. This is also the length used to address jeans with holes. The holes should be below this point.
  3. No pajamas or house slippers are to be worn in school.
  4. The waistband of all shorts, pants, and skirts are to be worn above the hips. “Sagging” of pants or shorts is not allowed.
5. Clingy or revealing lower garments (Spandex/Yoga pants, etc.) are acceptable if worn under shorts, skirts, or if worn with a cardigan, long shirt, or sweatshirt which covers the student’s bottom and front while seated or standing.

6. No halter tops, tube tops, mesh shirts, sheer shirts, or spaghetti straps are allowed. Students are not allowed to show bare midriffs or wear backless shirts. Tank tops should be more than 1” wide at the shoulder and not hang low under the arms.

7. Hats, bandannas or other head coverings are not to be worn in the building during school hours.

8. Clothing or accessories which refer to drugs, gangs, alcohol, tobacco, profanity, sex, racial insults, violence, or vulgarity is prohibited.

*When the policy is violated, students will need to make arrangements for a change of clothing before they attend class. Further violations may result in stricter consequences. Administration shall make the final decision on appropriateness of individual student dress.

**Student Growth and Development/Behavior management Plan**

Student growth and development is a cooperative effort among students, parents/guardians and the school. We believe that all students, staff members and parents should be treated with dignity and respect. We, the staff, will strive to provide an environment and educational activities which promote growth and self-discipline in each student.

Although consequences may be provided for inappropriate behavior, in each case, we will take the necessary steps to assist students to solve problems through the use of counseling, conferences and the involvement of counselors, psychologists and/or outside agencies as appropriate. Each team will develop a student management plan which reinforces positive behavior.

Students who violate the disciplinary policies of Washburn Rural Middle School to the extent that exclusion or suspension from regular classes is warranted, may be placed on short-term suspension in the in-school suspension (ISS) room, located in the office area. Students will receive credit for all course work which is completed while assigned to ISS.

Misbehavior may result in out-of-school suspension or expulsion. Students who are suspended or expelled from school are not permitted on any school district property nor may they participate in any school-sponsored activity during the time of the suspension. All school work assigned during the suspension will be completed for credit.

The expectation is that most behavior management problems, which relate to the growth, development and self-discipline of our middle level students, will be handled within the team environment. The following steps will be taken by teachers or teams in reference to students whose behavior continues to be detrimental to the teaching/learning process.
1. Student/Teacher discussion
2. Formal Student/Teacher conference
3. Telephone conference with the Parent/Guarding
4. Formal conference with Student, Team members, and Parent/Guardian, if possible. The appropriate Assistant Principal will be notified of the conference and may attend. At this conference, previous interventions will be reviewed and a formal behavior management action plan will be developed. The appropriate Assistant Principal will be provided a copy of the plan.
5. Referral to the appropriate Assistant Principal if the action plan is not successful in modifying the Student’s behavior.

In steps 1 - 4 above, appropriate interventions will be utilized to reinforce positive behavior. Teams/teachers must utilize educationally appropriate consequences for inappropriate behavior. However, teams are requested to also use positive reinforcement to increase the effectiveness of the teaching/learning process and to promote growth, development and self-discipline, which is, of course, our ultimate goal.

Severe Behavior
Severe misbehavior will be dealt with by the administration according to the following procedures. Accumulated behavior problems may be a cause for moving to a higher step on the disciplinary ladder. Any unacceptable behavior which is not listed will be dealt with on an individual basis.

Interrogation Policy
It is in the best interest of the school system and its children to restrict police interrogation of students at school.
1. Officers initiating interrogation of children at school should be designated juvenile officers with proper credentials.
2. Officers should make every attempt to contact the child at home prior to requesting permission to interrogate a child at school.
3. The principal should make every attempt to inform the parents of the request of the officers to interrogate the child.
4. No child will be interrogated unless the matter is extraordinary in nature and causes the interrogation to be done immediately and on the school premises.
5. Any interrogation will be held only in the presence of the principal or designated school representative.

School officials have the right to search the student’s person and property on school premises, using a standard of reasonableness. See Search of Students and Property Section.

2. In the event any student violates the controlled substances section of the regulation, such student will be suspended from school immediately for a short term and will be:

4. Any punishment, suspension, or expulsion may be deferred by the appropriate Administrative Hearing Officer or Board of Education or their Designee. The student involved, after the appropriate hearings, as set for by Kansas Statutes and found to be placed either on suspension or expulsion may at the option of the appropriate Administrative Hearing Officer or Board of Education be offered an opportunity for probation for a set period of time. The balance of the punishment, suspension or expulsion shall remain deferred so long as the student meets the conditions of the probation agreement. If a student agrees to a probationary period a written agreement shall be signed by the student and the student’s parent(s) or guardian(s) outlining the appropriate conditions of said probation and the duration thereof. Any probationary student accused of being in violation of the conditions of probation shall be afforded a limited hearing to the appropriate Administrative Hearing Officer or the Board of Education who agreed to the probationary conditions. Conditions of probation may include, but not limited to, drug counseling, of student’s choice, expenses to be covered by the student; random drug testing, expenses to be covered by the student; restriction for school activities and other conditions that the appropriate Hearing Agency or Board of Education agree would aid and assist the student and continue to provide a drug free school environment.

A student may use a counselor of their choice or may use the service provided free from a local human services agency designated by the School District and said expense and costs are to be covered by parents and/or guardians of the student. Subsequent violation of the agreed probationary period will result in the balance of the suspension being enforced.

Students who are suspended or expelled under the terms of this policy shall be afforded the due process rights contained in board policies (See JDD). Nothing in this policy is intended to diminish the ability of the district to take other disciplinary action against the student in accordance with other policies regarding student discipline. In the event a student agrees to enter into and complete a drug education or rehabilitation program, the cost of such program will be borne by the student and his or her parents. A list of available programs along with the names and addresses of contact persons for the program is on file with the board clerk. Parents or students should contact the directors of the programs to determine the cost and length of the program.

A copy of this policy shall be provided annually to all students and the parents of all students. Parents of all students shall be notified that compliance with this policy is mandatory.

Sexual harassment is unwelcome sexual advances, requests for sexual favors and other inappropriate oral, written or physical conduct of a sexual nature when made by a member of the school staff to a student or when made by any student to another student when: (1) submission to such conduct is made, explicitly or implicitly, a term or condition of the individual’s education; (2) submission to or rejection of such conduct by an individual is used as the basis for academic decisions affecting that individual; or (3) such conduct has the purpose or effect of interfering with an individual’s academic or professional performance or creating an intimidating, hostile or offensive academic environment.

Behaviors which are unacceptable but do not constitute harassment may provide grounds for discipline under the code of student conduct.

An employee who witnesses an act of sexual harassment shall report the incident to the building principal. This policy shall be made available on the district website with links to the policy available on any individual school pages. In addition, this policy shall be included in at least one of the following: each school’s code of conduct, school safety plan, or student handbook. Notice of the online availability of this policy shall be provided to parents during enrollment each year.

- Using physical restraint that obstructs the student’s airway;
- Using physical restraint that impacts a student’s primary mode of communication;

Less restrictive alternatives to ESI, such as positive behavior interventions support, shall be deemed inappropriate or ineffective under the circumstances by the school employee witnessing the student’s behavior prior to the use of any ESI. The use of ESI shall cease as soon as the immediate danger of physical harm ceases to exist. Violent action that is destructive of property may necessitate the use of an ESI. Use of an ESI for purposes of discipline, punishment, or for the convenience of a school employee shall not meet the standard of immediate danger of physical harm.
ESI Restrictions
A student shall not be subjected to ESI if the student is known to have a medical condition that could put the student in mental or physical danger as a result of ESI. Use of Seclusion
When a student is placed in seclusion, a school employee shall be able to see and hear the student at all times.

All seclusion rooms equipped with a locking door shall be designed to ensure that the lock automatically disengages when the school employee viewing the student walks away from the seclusion room, or in case of emergency, such as fire or severe weather.

A seclusion room shall be a safe place with proportional and similar characteristics as other rooms where students frequent. Such room shall be free of any condition that could be a danger to the student, well-ventilated, and sufficiently lighted.

Training
All staff members shall be trained regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent with nationally recognized training programs on ESI. The intensity of the training provided will depend upon the employee’s position. Administrators, licensed staff members, and other staff deemed most likely to need to restrain a student will be provided more intense training than staff who do not work directly with students in the classroom. District and building administration shall make the determination of the intensity of training required by each position.

Each school building shall maintain written or electronic documentation regarding the training that was provided and a list of participants, which shall be made available for inspection by the state board of education upon request.

THE PARENT SHALL BE PROVIDED THE FOLLOWING INFORMATION AFTER THE FIRST AND EACH SUBSEQUENT INCIDENT DURING EACH SCHOOL YEAR: (1) A COPY OF THIS POLICY WHICH INDICATES WHEN ESI CAN BE USED; (2) A FLYER ON THE PARENT’S RIGHTS; (3) INFORMATION ON THE PARENT’S RIGHT TO FILE A COMPLAINT THROUGH THE LOCAL DISPUTE RESOLUTION PROCESS (WHICH IS SET FORTH IN THIS POLICY) AND THE COMPLAINT PROCESS OF THE STATE BOARD OF EDUCATION; AND (4) INFORMATION THAT WILL ASSIST THE PARENT IN NAVIGATING THE COMPLAINT PROCESS, INCLUDING CONTACT INFORMATION FOR FAMILIES TOGETHER AND THE DISABILITY RIGHTS CENTER OF KANSAS. UPON THE FIRST OCCURRENCE OF AN INCIDENT OF ESI, THE FORGOING INFORMATION SHALL BE PROVIDED IN PRINTED FORM OR, UPON THE PARENT’S WRITTEN REQUEST, BY EMAIL. - **WHETHER THE STUDENT HAD AN INDIVIDUALIZED EDUCATION PROGRAM AT THE TIME OF THE INCIDENT,**
All such documentation shall be provided to the building principal, who shall be responsible for providing copies of such documentation to the superintendent or the superintendent’s designee on at least a biannual basis. At least once per school year, each building principal or designee shall review the documentation of ESI incidents with appropriate staff members to consider the appropriateness of the use of ESI in those instances.

Reporting Data
District administration shall report ESI data to the state department of education as required.

Parent Right to Meeting on ESI Use
After each incident, a parent may request a meeting with the school to discuss and debrief the incident. A parent may request such meeting verbally, in writing, or by electronic means. A school shall hold a meeting requested under this subsection within 10 school days of the parent’s request. The focus of any such meeting shall be to discuss proactive ways to prevent the need for emergency safety interventions and to reduce incidents in the future.

For a student with an IEP or a Section 504 plan, such student’s IEP team or Section 504 plan team shall discuss the incident and consider the need to conduct a functional behavioral assessment, develop a behavior intervention plan, or amend the behavior intervention plan if already in existence.

For a student with a section 504 plan, such student’s section 504 plan team shall discuss and consider the need for a special education evaluation. For students who have an individualized education program and are placed in a private school by a parent, a meeting called under this subsection shall include the parent and the private school, who shall consider whether the parent should request an individualized education program team meeting. If the parent requests an individualized education program team meeting, the private school shall help facilitate such meeting.

For a student without an IEP or Section 504 plan, the school staff and the parent shall discuss the incident and consider the appropriateness of a referral for a special education evaluation, the need for a functional behavioral assessment, or the need for a behavior intervention plan. Any such meeting shall include the student’s parent, a school administrator for the school the student attends, one of the student’s teachers, a school employee involved in the incident, and any other school employees designated by the school administrator as appropriate for such meeting.

The student who is the subject of such meetings shall be invited to attend the meeting at the discretion of the parent. The time for calling such a meeting may be extended beyond the 10-day limit if the parent of the student is unable to attend within that time period. Nothing in this section shall be construed to prohibit the development and implementation of a functional behavior assessment or a behavior intervention plan for any student if such student would benefit from such measures.

Local Dispute Resolution Process
If a parent believes that an emergency safety intervention has been used on the parent’s child in violation of state law or board policy, the parent may file a complaint as specified below.
The board of education encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal and/or the superintendent before filing a formal complaint with the board. Once an informal complaint is received, the administrator handling such complaint shall investigate such matter, as deemed appropriate by the administrator. In the event that the complaint is resolved informally, the administrator must provide a written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the informal resolution with the board of education and provide a copy to the state department of education.

If the issues are not resolved informally with the building principal and/or the superintendent, the parents may submit a formal written complaint to the board of education by providing a copy of the complaint to the clerk of the board and the superintendent within thirty (30) days after the parent is informed of the incident.

Upon receipt of a formal written complaint, the board president shall assign an investigator to review the complaint and report findings to the board as a whole. Such investigator may be a board member, a school administrator selected by the board, or a board attorney. Such investigator shall be informed of the obligation to maintain confidentiality of student records and shall report the findings of fact and recommended corrective action, if any, to the board in executive session.

Any such investigation must be completed within thirty (30) days of receipt of the formal written complaint by the board clerk and superintendent. On or before the 30th day after receipt of the written complaint, the board shall adopt written findings of fact and, if necessary, appropriate corrective action. A copy of the written findings of fact and any corrective action adopted by the board shall only be provided to the parents, the school, and the state department of education and shall be mailed to the parents and the state department within 30 days of the board’s receipt of the formal complaint.

If desired, a parent may file a complaint under the state board of education administrative review process within thirty (30) days from the date a final decision is issued pursuant to the local dispute resolution process.

**STUDENT LIFE**

**Athletics**
A well-rounded sports program for inter-scholastic competition is available at Washburn Rural Middle
School for students desiring to participate. By participating, students can keep themselves physically strong and mentally alert. They can also learn to cooperate in team play, which is very essential for later life.

Competitive sports offered at WRMS are: volleyball, football, basketball, wrestling, tennis, and track. Intramural programs in basketball and tennis are also available.

It is the policy of Washburn Rural Middle School that students who make the school’s interscholastic team may not miss a practice or a game due to their participation in a practice or a game involving a team outside of school. Consequences will be left up to the individual coach. Also, any player involved on a Washburn Rural Middle School athletic team cannot participate on an outside team of the same sport during the school’s season of competition. (Kansas State High School Activity Association rule 22, consequences will be determined by the K.S.H.S.A.A.)

Athletic Eligibility
In order to participate in interscholastic athletics, individuals must:
1. Have a current physical form (signed by a physician, no earlier than May 1, and the parent/guardian) on file in the school office. In addition the student must have on file a “Permit to Participate in Activities” form (signed by the parent/guardian).
2. Receive passing grades in five subjects of unit weight the previous quarter.
3. Conduct themselves as good citizens at school and at athletic contests. Athletes who are not in good standing with the school will not be allowed to participate in our athletic program.

Please review the KSHSAA Eligibility Check List (on back of physical form) for additional requirements.
Washburn Rural Middle School uses the Kansas State High School Activities Eligibility Guidelines for attendance at all extra-curricular activities. This means if you are not passing 5 classes you cannot attend sports contests, dances, plays, or any other after school or evening extra-curricular activities. This does not include music performances if it is part of your class.

Eligibility for Athletics and Activities Due to Illness
Any student that is ill for more than three hours on the date of a school activity or athletic event will not be able to attend or participate in the activity or event. No exceptions to this rule will be allowed without permission of a middle school administrator. Permission for this will be extremely rare.

**Fire Drills**

The State laws of Kansas require that all schools hold monthly fire drills during the school year and that all students know the proper exits and procedures to be used.

It is important that we follow the following procedures during fire drills or during an actual fire:

1. The fire drill warning shall be the sounding of the fire alarm.
2. The aim of fire drills is a rapid and orderly departure from the building. Fire exits shall be posted in each WRMS classroom and other areas.

6. Fire drills will conclude with the movement of students out and away from the building, not less than 300 feet. Students will remain with their assigned teacher. (Teachers shall take class lists when evacuating the building.)
7. At the close of the fire drill, students will be notified when to return to the building. Students are to return to class in an orderly manner.

**Health Services**

**Nurse:**
Our health room is located in the office area and our nurse is available to students for health concerns and emergencies. A student should obtain a pass from his/her teacher before coming to see the nurse, except in an emergency. All students should see the nurse before contacting their parents or going home due to illness. During the school year our nurse conducts screening for hearing, vision defects and spinal (scoliosis) screenings as required by law or upon request of the parent or teacher.

**Immunizations:**
All students MUST have proof (from a physician or health department) on file of the required immunizations before enrolling for this school year. The school nurse can provide further information and any exceptions to this policy.

**Illness:**
Please do not send your child to school if he/she has been ill (vomiting, diarrhea, etc.) or has had a fever within the last 24 hours. When at school students will be expected to participate in all areas, including physical education, unless we receive a written request from your child’s physician. Please have the physician communicate with the school nurse if the inability to participate will be lengthy.

**Medications at School:**
When possible, medications should have the dosage intervals adjusted so that the routine time for taking the medicine will come outside school hours. If it is not possible, the following procedures must be followed for medications to be given to middle school students.

1. A note signed by the parent asking that the school give the medication and indicating the time and dosage to be given must be received by the office before the medication can be dispensed.

2. The medication must be in the original current prescription labeled bottle.

3. Written permission from the physician or dentist must accompany the parent note and bottle. The prescription label is considered physician or dentist permission. On samples or over the counter medications, the same information as would be on the prescription label (name of the medication, dosage and frequency) must be noted and signed by the physician or dentist if it is to be administered by the school. Note: It is the responsibility of the student to report to the health office when the dosage is due.

4. Middle school students may self-administer over the counter medication if deemed responsible by his/her parents. The OTC medication must be in the original container and it may not be shared with other students. If abuse is suspected, the parents will be notified and this privilege suspended.

5. Students using inhalers for asthma management must have physician authorization for independent administration on file in the health office. Forms will be available at registration and at the health office throughout the year.

6. Students are not allowed to distribute prescription or over the counter medications. Doing so is a violation of our Controlled Substance policy. See disciplinary action section
**Lockers**
Lockers will be assigned to you during enrollment. You will be responsible to your team of teachers for keeping a clean and orderly locker. All of your books and personal items are to be stored there. Each locker has a built-in combination lock. It is your responsibility to maintain privacy by not letting other students know your combination.

You may decorate inside your locker with pictures of friends or family. Pictures or pages from any publication are not allowed. You may use masking tape to hang pictures. Please do not use Scotch tape.

Lockers are the property of the school and the administration reserves the right to open and inspect lockers without notice.

**School Visitors**
Parents and guardians of our students are encouraged and cordially invited to visit our school at any time. You are welcome to attend class, eat lunch or just stop in to visit.

We do request that school visitors report to the office upon entering the building. We do not encourage student visitors. Exceptions might be a visitor from a foreign country or one whose visit may possibly enhance our educational program.

**Student Accident Insurance**
If a student is injured during the school day or while participating in a school activity, the District has student accident insurance to cover some expenses. The coverage is supplemental to any insurance you may have on your student and pays only after the student's personal insurance coverage has responded. The District insurance has certain limits and pays the "usual and customary" charges, so it may pay 100% of the bills. In the event you do not have any insurance coverage, you will need to provide a signed letter stating that when you submit the claim form.

The Business Office only sends out insurance claim forms upon request from the parents of the student, not for every student accident report. Please be aware
THAT **ALL CLAIMS MUST BE REPORTED BY YOU TO THE INSURANCE COMPANY WITHIN 60 DAYS OF THE ACCIDENT.** IF YOU HAVE QUESTIONS ABOUT THE INSURANCE COVERAGE OR THE PROCEDURES FOR FILING CLAIMS, PLEASE CALL THE BUSINESS OFFICE AT 339-4000.

**Student Planners**

Each student will be issued a student planner at the beginning of the school year. All students are required to USE the planner, and teachers will be checking the planner at regular intervals.

**Student Rides After School Events**

Students are responsible for making prior arrangements with parents concerning rides after school events. Sponsors and coaches are required to provide supervision until all students have left. Students who are consistently late being picked up may lose the privilege of participation.

**Telephone**

Students may use the office telephone only for emergencies. Before using the office telephone, students must have a signed pass from their teacher. Students are discouraged from receiving phone calls during school hours unless there is an emergency situation. Please make arrangements for any social needs before coming to school.

**Tornado Drills**

The State laws of Kansas require that all schools hold three tornado drills during the school year (fall, winter and spring) and that all students know the procedures to be used and the designated areas. It is important that we use the following procedures during a tornado drill or an actual tornado.

1. The tornado warning shall be the sounding of the “severe weather alarm”.
2. Designated shelter areas for tornadoes shall be posted in WRMS classrooms and other areas.
3. When the severe weather signal sounds, all students and staff shall move quickly and quietly to their designated areas.
4. Teachers will lead their students to the designated areas and remain with their classes during the drill or alter. Teachers shall take class lists to the designated shelter areas.
5. Students and staff are to assume a sitting position with their back toward the wall, heads down, knees up and hands/arms covering their heads.
6. If a tornado hits without adequate warning, teachers will move students as far from doorways and windows as possible, and get them as low as possible.
7. Students are not to leave the shelter areas until the all clear signal is given.
